Sketchbook Communications: art books

# Sea

This photography installation of the sea has 20 art photographs that I took in Vancouver, in front of Second Beach, Stanley Park for an electronic art book called *The Lighthouse, the Bord and the Poem on the Shore*.

At the moment I am taking a lot of pictures for the rest of the book, This is one of my favourite series from what I have found lately. Wow, the forms, colours and patterns that you see by the shore are pretty incredible. I hope you enjoy it

This is the sample of this project.

Thank you always for looking at my art.
